Franklin Elementary School Textbook Found in South African School

When West Allis resident, Heather Plough, took a job with the Peace Corp, she never thought she'd find piece of home in South Africa. Plough, who is currently teaching at an elementary school in KwaZulu-Natal, South Africa, was surprised to see a textbook she was using was from Franklin Elementary School.

"Eleven years ago, we were contacted by a Rotary Club in Madison to be part of Books for the World. This outreach program has been a great fit for our District. When our curriculum cycle leaves us with books that are no longer pertinent to state standards, we are able to send them to parts of the world for other students to use," explains Margaret Vranes.

This little book traveled a long way to Africa. "It's amazing to see that we're making a difference in the lives of learners across the world!" says Vranes.

Pershing Elementary School Participates in the Great Kindness Challenge

Over the past several years, Pershing Elementary School has participated in a special week-long challenge centered on kindness. "I help coordinate the Great Kindness Challenge with staff," explains Student Services Counselor, Brooke Smith. "It's a fun way to help students focus on what they can do to be friendly and considerate of others."

The Great Kindness Challenge is a proactive and positive bullying prevention initiative that is designed to improve school climate and increase student engagement.

"There are over 50 acts of kindness that we promote," says Smith. "Students accept the challenge to show the world **KINDNESS MATTERS!**"

At the end of the week, the West Milwaukee Intermediate School Choir visited Pershing Elementary School to perform, "Count on Me" by Bruno Mars. "Now, we're a Kindness certified School for 2019!" said Principal Steve Harris.
