Overview

Strong Neighborhoods is an initiative developed by the Village of West Milwaukee to help increase the attractiveness of West Milwaukee housing stock. Strong Neighborhoods aims to work with citizens to invest in both them and their homes. The Strong Neighborhoods Initiative will assist with property maintenance order compliance. The new programs will be financed through a TIF financing law known as the "Affordable Housing Extension" that allows the extension of a TIF to benefit a municipalities housing stock. Funds for these programs will be available in the form of grants as outlined in State Statute 66.1105. Investing in the Village's housing stock will result in a ripple effect that will benefit everyone within the Village.

Goals and Objectives

Strong Neighborhoods is aimed at updating the Village's residential homes. The main goal is to increase the quality of housing stock with a number of objectives to help us define what success looks like.

Administration

The West Milwaukee Community Development Authority (WMCDA) and Property Maintenance Department will administer the Strong Neighborhoods Initiative. Administration includes, but is not limited to, promoting and advertising the program, accepting and reviewing completed applications, interpreting program guidelines, approving or disapproving property reimbursement requests.

Any grant funds that were not used in full and/or any unused funds within the calendar year will be carried over to the next calendar year's budget.

Approving or disapproving applicant grants for property maintenance order compliance will be done on a monthly basis. Qualified projects will be approved on a first come first serve basis.

The Community Development Authority will have final determination on amount and who receives funds from the program.

Program Summary: The initiative's programs intend to preserve affordable homes while rebuilding the Village's aging housing stock.

Program Details

The property maintenance order compliance program is available to assist in the repair and replacement of various exterior housing improvements. The program is a grant program to help eligible single and two-family homes increase the curb appeal of their home. The program is a matching grant program and will provide funds of up to \$5,000 for eligible expenses: 1:1 match for owner occupied – 1:2 match for non-owner occupied.

Example:

Home Type	Total Project Amount	Grant	Private Match
Owner Occupied	\$5,000	\$2,500	\$2,500
Non-owner Occupied	\$5,000	\$1,667	\$3,333

- A. **Eligible Properties:** Properties that meet the following criteria may apply for up to \$5,000, owner occupied must provide 100% matching funds and 200% for non-owner-occupied units
- a. Single Family or Two-Family Residence use properties.
 - b. Property owner cannot spend more than 30% of their gross monthly household income on housing related expenses.
 - c. Grants \$500 or less can be approved by staff; however, all paint related projects must be approved by the CDA.

The Community Development Authority on a monthly basis shall review all requests for the property maintenance order program. The Property Maintenance Department will make a recommendation to the WMCDA on all projects. The recommendation will be considered by the WMCDA for approval or denial of the project. The following criteria will be taken into consideration by the Community Development Department and the Housing Authority:

- The applicant's financial history.
- History of the applicant and/or listed contractors including past ordinance violations and/or citations.
- The quality of work performed by the applicant in any other applicable home renovation.
- The Project quality.
- The neighborhood impact of the project.

Program Amendments

Any update clarifying the intent of the document and/or process that does not drastically change the program details or the programs intent may be made by the Administrative Staff. Those changes that would alter the programs intent, drastically change the review and approval process, or alter a funding amount shall require consent of the Community Development Authority.

Marketing Funds

It is the expressed intent of this initiative that up to \$1,500 shall be budgeted per calendar year to market and advertise the initiative. The Community Development Department will determine how best to use the budgeted marketing funds to promote the initiative.

APPENDIX A

The village's housing programs are primarily aimed at renovated existing homes. These homes have a character that is unique and should be preserved and enhanced when at all possible. When a structure is renovated, with the use of West Milwaukee funds, the purpose of the renovation is not to make an old house new, but to improve or repair the existing features. The original home's design, structure, and style should be maintained when at all possible. The following is a design guideline to ensure that the aesthetics of existing homes are not lost with renovation projects.

A. Siding:

- When existing wood siding exists it is preferred that the existing siding is maintained opposed to replacing it with new siding.
- New siding shall be applied in a manner that preserves all existing distinguishing architectural features and ornamentation.
- Width of new siding is consistent with the type, age and style of the house.

B. Brick and other Exterior Masonry:

- When at all possible, all existing exterior masonry will be preserved and repaired. Only in cases of irreparable damage can the exterior masonry be removed.
- New masonry shall be applied in a manner that preserves all existing distinguishing architectural features and ornamentation.

C. Porches:

- Existing porches will be maintained and repaired. In no case should a salvageable porch be removed.
- Existing front porches will be maintained and repaired to original appearance and condition.

D. Windows and Doors:

- The style and design of any new window or door should match the original.
- The removal of a window or door shall not be permitted unless the removal of the window or door is vital to the completion of the project.
- The replacement of windows shall not destroy any distinguishing features or architectural ornamentation.
- A new window or door may not be smaller than the existing window or door.

E. Outbuildings:

- Any outbuilding, shed, garage or other structure will conform in style and color to the principal structure on the lot.
